

Our Mission is to Enable Your Mission

CaptureRx[®]

CaptureRx TPA (Third Party Administrator) Services minimize the day-to-day tasks and complexities of a 340B program like prescription adjudication and financial processing so you can focus on what you do best -- impacting the lives of patients in need.

- Generate friction-free 340B savings with compliance you can trust
 - Local pharmacy network build out services to pave the way for your success
-

CaptureConnect

Expand your 340B program with a compliant pharmacy network solution. CaptureConnect's proven model makes it easier to manage and grow your current network with a scalable gateway solution.

- One platform, multiple locations and TPAs
 - Compliance double-check helps avoid costly errors
-

340BExchange X

A turnkey solution created for Medicaid managed care organizations (MCOs), 340BExchange helps you identify, communicate with and manage 340B covered entities and contract pharmacies to report 340B claims.

- Manage costs and outcomes for shared patients
- Medicaid carve-in capability

Our Mission is to Enable Your Mission

CaptureSpecialty Rx

Capture specialty pharmacy claims for increased savings. At CaptureRx, we can provide you with the expertise, relationships and proven processes to build a valuable specialty program - quickly.

- Higher 340B savings potential
 - Multiple pharmacy options to choose from
-

ReferDoc

Capture 340B-eligible referral prescriptions to maximize your savings. ReferDoc is an optional solution that provides you the ability to capture prescription claims written by specialists, such as oncologists, rheumatologists, hepatologists and more.

- Capture all eligible prescriptions in your market
 - Provide more convenience to your 340B eligible patients
-

CaptureCard

Extend 340B savings to at-risk patients while maintaining optimal compliance. CaptureCard helps ease the burden of managing a sliding fee program, while providing a vehicle for you to better serve your community.

- Easy to implement with a program tailored for your organization
- Enhanced compliance at point of sale
